Queens

The mission of the **Stolen Lives Project** is to assemble national documentation of people killed by U.S. law enforcement agents from 1990 to the present. Through grassroots efforts, the second edition of the book *Stolen Lives: Killed by Law Enforcement* was published by Seven Stories Press in 1999, which documented over 2,000 cases in the 1990s nationally. The pages of this book are available as PDFs on the Stolen Lives website (stolenlives.org).

Because the real circumstances surrounding the deaths of victims of police violence are rarely adequately investigated or made known, and the constructed narrative to justify the homicide often highlights characteristics intended to tarnish the victim's life, the Stolen Lives Project aims to provide a more complete truth for each individual life taken, and attempts to restore some dignity to the life lost. If you would like to help in any way, please contact stolenlivesprojectonline@gmail.com. For more information, visit www.facebook.com/StolenLivesProject or stolenlives.org.
