The mission of the **Stolen Lives Project** is to assemble national documentation of people killed by U.S. law enforcement agents from 1990 to the present. Due to the fact that there had not been any federal accounting of police killings made available to the public, those who worked with the national grassroots organization October 22 Coalition to Stop Police Brutality, Repression and the Criminalization of a Generation decided in 1996 to conduct our own documentation. Through grassroots efforts, the second edition of the book *Stolen Lives: Killed by Law Enforcement* was published in 1999, documenting over 2,000 cases in the 1990s nationally. The pages of this book are available as PDFs on the Stolen Lives website ([stolenlives.org](http://stolenlives.org)). Since the publication of the book, local and national documentation has been unevenly updated and produced in different read-only forms across the country, but plans are underway to bring the SLP online as a searchable database. Anyone who can help with the research and documentation will contribute greatly to realizing the goal of bringing the Stolen Lives Project online in a more usable and accessible form. If you would like to help in any way, please contact [stolenlivesprojectonline@gmail.com](mailto:stolenlivesprojectonline@gmail.com).
